

Corporate governance report and declaration on corporate governance in accordance with Sections 289f, 315d HGB

The Executive Board reports as follows – also on behalf of the Supervisory Board – on corporate governance at OVB Holding AG in accordance with No. 3.10 of the German Corporate Governance Code. The chapter includes the statement on corporate governance pursuant to Sections 289f, 315d HGB (Commercial Code).

General management structure with three corporate bodies

In accordance with the statutory provisions applicable to a German stock corporation, OVB Holding AG has a dual board system for the Company's management and supervision consisting of Executive Board and Supervisory Board. The third corporate body is the General Meeting of shareholders where the Company's shareholders participate in essential decisions regarding the Company. Executive Board and Supervisory Board work closely together for the benefit of the Company and maintain an intensive and open dialogue on a regular basis.

Direction and management – the Executive Board

The Executive Board of OVB Holding AG directs the Company and the Group managed by the Company on its own authority. The Executive Board assumes its management tasks, particularly including corporate planning, the Group's strategic orientation and its control and monitoring as well as the Group's financing, as a corporate body composed of Executive Board members who share the overall responsibility for the Company's management. They work together as colleagues and inform each other constantly about the measures and transactions of relevance in their respective areas of responsibility. Overall responsibility of all Executive Board members notwithstanding, the individual Board members manage the areas of responsibility assigned to them on their own authority.

The Executive Board's work is defined in detail by the rules of procedure resolved by the Supervisory Board, also determining the topics that are subject to Executive Board decisions to be made in full session and other formalities for the Executive Board's resolutions. The assignment of the areas of responsibility to the individual members of the Executive Board derives from a schedule of responsibilities that is part of the rules of procedure.

The Executive Board consults the Supervisory Board on the Company's strategic orientation in detail and discusses the strategy and its implementation with the Supervisory Board at regular intervals. The Executive Board reports to the Supervisory Board on all aspects of relevance to the Company relating to business performance, assets and liabilities, financial position and profit/loss, planning and target achievement, risk position and risk management regularly, comprehensively and in a timely manner. Any deviations of the business performance from the scheduled plans and targets are discussed and explained within this framework. The Executive Board's regular and in-depth reports delivered at the meetings of the Supervisory Board and the Audit Committee also include the subject of compliance, i.e. the measures for the observance of statutory provisions and in-house guidelines.

Certain Executive Board decisions of special importance require the approval of the Supervisory Board. Those cases are defined in the Executive Board's rules of procedure and relate to e.g. the acquisition of non-current assets or borrowing of financial loans in excess of a certain amount. The formation, acquisition, liquidation and disposal of holdings require approval as well.

Executive Board resolutions are adopted at meetings held regularly – at least once a month – and chaired generally by the Chairman of the Executive Board. Furthermore, any Board member may call for the convening of a meeting. If not required otherwise by law, the Executive Board decides by a simple majority of the votes cast. In case of a tie of votes, the Chairman has the casting vote.

Appointed members of the Executive Board of OVB Holding AG are at present:

(born 1975, on the Executive Board since 2010, appointed until 31 December 2022)

Supervision and advice to the Company's management - the Supervisory Board

The Supervisory Board supervises and advises the Executive Board, appoints its members and is directly involved in all decisions of essential relevance to the Company. The Supervisory Board also coordinates the Company's strategic orientation and routinely discusses the implementation of the business strategy with the Executive Board. The Chairman of the Supervisory Board coordinates this corporate body's work and chairs its meetings. Maintaining constant exchange with the Executive Board, the Supervisory Board is always informed about the business policy, corporate planning and strategy. It is also the Supervisory Board's responsibility to adopt or rather approve the separate and consolidated financial statements as well as the management report of OVB Holding AG integrated into the combined management report based on its own examination and in consideration of the reports provided by the auditor. As part of its report to the Annual General Meeting, the Supervisory Board informs the shareholders about its work.

According to Section 10 (1) of the Articles of Association, the Supervisory Board consists of six members, all of whom are elected by the General Meeting of shareholders.

The terms of the Supervisory Board members elected by the General Meeting of shareholders expire as of the conclusion of the Annual General Meeting in the year 2023 that will decide on the formal approval of the actions of the Executive Board and Supervisory Board members for financial year 2022.

The Supervisory Board has established two standing committees to support the Board's efficient performance of its tasks as well as a focused discussion of topics by providing assistance to the Board's work in full session: the Audit Committee and the Nomination and Remuneration Committee. Within their respective scope of responsibility, the committees prepare the resolutions of the Supervisory Board as well as the topics to be addressed in full session. At each following Supervisory Board meeting a report is given on the committees' work. Supplementing the rules of procedure of the Supervisory Board, there are separate rules of procedure for the Audit Committee and the Nomination and Remuneration Committee.

Audit Committee

By preparing topics and resolutions for the Supervisory Board, the four Committee members particularly address

the diligent examination of the separate and consolidated financial statements as well as of the management report of OVB Holding AG integrated into the combined management report. The Audit Committee also concerns itself with issues of financial accounting, risk management and compliance. It manages the auditor's selection process and furnishes a suggestion to the Supervisory Board in consideration of the required auditor independence. The Audit Committee discusses and aligns the key audit matters with the auditor and decides on the fee agreement with the auditor. The Committee also discusses the quarterly and 6-month financial reports with the Executive Board prior to their publication .

Nomination and Remuneration Committee

This Committee, consisting of the Chairman of the Supervisory Board and one other Board member, prepares the body of work for the Supervisory Board's consideration in full session and suggests suitable candidates to the Supervisory Board for its election proposals to the Annual General Meeting. It also concerns itself with the composition of the Executive Board and its succession planning as well as with issues relating to the remuneration of Executive Board members.

Working methods of the Supervisory Board in full session and in the Committees

The Supervisory Board of OVB Holding AG fulfils its supervisory and advisory functions with special diligence. Even outside the framework of meetings, the Chairmen of the Supervisory Board and the Audit Committee regularly share their opinions with the Executive Board. They report on any relevant information in the following Supervisory Board or Committee meeting at the latest.

The Supervisory Board regularly reviews its own efficiency, most recently in November 2018. This is generally done by way of self-inspection by analysing the answers given anonymously by the Supervisory Board members to an extensive questionnaire. The analysis and the following discussion at the Supervisory Board meeting result in suggestions for the further improvement of its work, to be implemented in full session by the Supervisory Board and by the Committees if applicable.

Each Supervisory Board member discloses any conflicts of interest resulting from his involvement to the Supervisory Board without delay. The Supervisory Board informs about any conflicts of interest and how they have been responded to in its report to the General Meeting of shareholders.

Objectives for the composition of the Supervisory Board

The Supervisory Board has expressed that it is a major concern to ensure a composition of the responsible corporate bodies, Executive Board and Supervisory Board, that supports the welfare of the Company. Even though diversity is considered a target generally to be aimed for in this context, the Company does not pursue an explicitly defined diversity concept for the purpose of Section

289f (2) no. 6 HGB (Commercial Code). For the Company, the respective members' individual experience, skills and knowledge have top priority in considering the composition of the Executive Board and Supervisory Board. The Supervisory Board has determined specific objectives for its composition and framed a competency profile for the Board as a whole. The following set of experiences, skills and knowledge are regarded as essential:

- Experience in sales and the management of a sales organisation
- Familiarity with the insurance industry / financial services industry in the relevant markets in which OVB operates
- Expertise of the Board as a whole in the fields of digitisation, accounting, financial accounting, management accounting, risk management, governance and compliance and the Board membership of one financial expert

The Supervisory Board holds the view that the requirements of the competency profile are met completely with the skills, experience and expertise that the members of the Supervisory Board contribute. The competencies, skills and experience of the individual Supervisory Board members can be found in the curricula vitae available on our website at www.ovb.eu/english/company-ovb/management.

The decisions of the Supervisory Board on election proposals to be made to the General Meeting of shareholders are based on the competency profile for its composition as adopted by the Supervisory Board and shall be oriented solely towards the Company's best interest. In the interest of the Company, the Supervisory Board is particularly dependent on its members' specific knowledge and experience relating to the Company's business activity and business model, the products offered and the different markets in which the subsidiaries operate. Such knowledge and experiences enable the Supervisory Board to assume its statutory task of supervision efficiently and to be available to the Executive Board as a competent partner and advisor with respect to the Company's strategic orientation and all subject matters relating to its future development.

In particular consideration of the Company's specific shareholder structure, the Supervisory Board regards it as adequate and sufficient that the Supervisory Board has one independent member. The independent member of the Supervisory Board of OVB Holding AG is Wilfried Kempchen.

* Supervisory Board member Winfried Spies passed away on 21 August 2019.

Compliance with the Corporate Governance Code

Declaration of conformity from 2 December 2019

Section 161 AktG (Stock Corporation Act) requires the executive board and the supervisory board of any listed German stock corporation to declare at least once each year if and to what extent the German Corporate Governance Code was and is complied with and which of the Code's recommendations were or are not applied, and for what reason.

Executive Board and Supervisory Board of OVB Holding AG hereby declare in accordance with Section 161 (1) sentence 1 AktG that, since the release of the previous declaration of conformity, the recommendations of the Government Commission »German Corporate Governance Code« in its version of 7 February 2017 – released in the Federal Gazette on 24 April 2017 and corrected on 19 May 2017 – have been and are complied with, with the following exceptions.

Recommendations:

No. 3.8 (3) GCGC (directors' & officers' liability insurance)

OVB Holding AG has not provided for a deductible in the D&O liability insurance policy taken out for the members of the Supervisory Board. The members of the Supervisory Board attend to their duties responsibly and in the Company's best interest. The legislator considers a differentiation between executive board and supervisory board adequate as, unlike executive board members, supervisory board members are not subject to statutory provisions governing a deductible.

No. 4.1.3 sentence 3 GCGC (whistleblower system)

Within the scope of responsibility of the Chief Compliance Manager, a whistleblower system has been implemented at OVB Holding AG, giving employees the opportunity to report suspected violations of the law within the Company. According to the opinion shared by Executive Board and Supervisory Board, the effectiveness and purpose of a whistleblower system do not require the reporting person's anonymity. The faithful and sensitive handling of such reports is mandatory and also sufficient. The whistleblower's unrestricted anonymity is not called for and shall not be provided in order to prevent misuse. As it is not ultimately clear if No. 4.1.3 sentence 3 GCGC demands the whistleblower's strict anonymity, a deviation from this recommendation is declared by way of precaution.

No. 4.1.5 sentence 1 GCGC (consideration of diversity for executive positions)

According to the recommendations of the German Corporate Governance Code, the executive board shall pay attention to the aspect of diversity in filling executive positions and thus aim for the adequate representation of women. The Executive Board of OVB Holding AG pursues the goal of promoting women and aims at having more women assume executive positions. However, the Executive Board holds the view that the aspect of diversity which includes the consideration of women should not be the sole determinant for filling executive positions. In the interest of the Company, the right choice much rather depends on management and leadership qualities, expert knowledge in response to the respective executive areas and responsibilities and professional experience. Therefore, a deviation from No. 4.1.5 sentence 1 GCGC is declared preventively.

No. 5.1.2 (1) sentence 2 GCGC (consideration of diversity for composition of the Executive Board)

According to the recommendations of the Code, the supervisory board shall pay attention to the aspect of diversity in the composition of the Executive Board. The Supervisory Board of OVB Holding AG does consider diversity an objective to be pursued for the composition of the Executive Board yet regards the specialist knowledge, capabilities and experience of the candidates in their respective fields of business and areas of responsibility as the ultimately deciding criteria for their selection in the interest of the Company and its shareholders. In view of these considerations, a deviation from No. 5.1.2 (1) sentence 2 GCGC is declared by way of precaution.

No. 5.3.2 (3) sentence 2 GCGC (independence of the chairman of the audit committee)

Among other topics, No. 5.3.2 (3) sentence 2 of the Code recommends that the chairman of the audit committee shall be independent. The Chairman of the Audit Committee of OVB Holding AG is a member of the Supervisory Board of an entity that is part of the SIGNAL IDUNA Group. As the requirements of the GCGC for independence are not ultimately clear, a deviation from this recommendation is declared by way of precaution.

No. 5.4.1 (2) sentence 2 GCGC (consideration of diversity and definition of a regular limit of length of membership of the Supervisory Board)

In the composition of the Supervisory Board, the aspect of diversity is generally taken into account. In the interest of the Company, however, the Supervisory Board will be governed in its election proposals to the

Annual General Meeting primarily by the knowledge, capabilities and expert experience of the candidates to be suggested. For this reason a deviation from No. 5.4.1 (2) sentence 2 GCGC is declared by way of precaution.

Furthermore, the Supervisory Board of OVB Holding AG has decided not to determine a regular limit of length of

Supervisory Board membership as a blanket regular limit would not consider individual factors justifying longer membership of individual members of the Supervisory Board. Suitability for performing one's tasks on the Board does not expire as one reaches a certain age or completes a certain time period of membership but depends solely on one's respective individual capabilities.

Information on targets for the representation of women on the Supervisory Board, on the Executive Board and in executive positions of OVB Holding AG

The German Act on Equal Participation of Women and Men in Executive Positions in the Private and the Public Sector requires companies that are publicly listed or subject to codetermination to define targets for the share of women on the supervisory board, the executive board and the two most senior executive levels below the executive board.

Resolutions on targets for the representation of women on the Supervisory Board, on the Executive Board and in executive positions below the Executive Board were last published in the year 2017:

Upon last adopting a new resolution in March 2017, the Supervisory Board stated that the share of women on the Supervisory Board and the Executive Board was unchanged. With respect to the share of women on the Executive Board as well as the Supervisory Board, it was decided to keep the targets at 0 per cent for the time period until 30 June 2022 for the sake of flexibility.

For the representation of women at the senior executive level below the Executive Board, the Executive Board resolved a 10.5 per cent target for the time period until 30 June 2022 in March 2017.

Supervisory Board and Executive Board keep aiming at increasing the representation of women on the Supervisory Board, on the Executive Board and at the executive level below the Executive Board and giving preference for new openings to women over men at equal professional qualification.

Essential corporate governance practices

Compliance as an essential management task of the Executive Board

We consider compliance the legally and ethically faultless conduct of our staff in the day-to-day business. Each employee has an impact on the Company's reputation as a result of his or her professional conduct.

Violations of applicable law, relevant codes or in-house rules are not tolerated. In the OVB Group, we pursue a »zero tolerance« policy that is supported by the Executive Board and the Supervisory Board. Compliance as a measure geared to the adherence to such rules and their observance by the group companies is an essential task in management and supervision at OVB. Compliance is not limited to our employees but also addresses the financial agents who work for us in the different markets.

The OVB Group transacts its business responsibly and in compliance with the laws and official regulations of the countries in which the respective group companies operate.

Compliance principles have been implemented at OVB since financial year 2008 and a compliance management system (CMS) based on the pillars »prevent, recognise, respond« was introduced, subject to a continuous internal updating process and constant review in consideration of changing legal requirements. With the regular advancement of the CMS implemented at OVB, an important contribution is made to the systematic expansion of prevention and control measures.

Following the significant implementation projects concerning regulatory requirements in the previous year, OVB focused its compliance topics even more intensively in the financial year 2019. As of 1 January 2019, the Head of Compliance has been responsible for all compliance issues throughout the Group. The CMS will be expanded further in close coordination with the Executive Board. It is continuously reviewed and adapted to the requirements of the OVB Group.

Under the »three lines of defence« model, Compliance works toward an appropriate defence model in close cooperation with the areas of Risk, Controlling and Auditing.

The Governance Risk committee supports the Executive Board in assessing identified risks and evaluating any measures that may be required.

The CMS comprises OVB's principles and measures for assuring compliant conduct of its staff. One central component of conduct in compliance with the rules is a code of conduct, representing the foundation of the compliance provisions throughout the Group and explaining the basic principles our actions are based on. With the help of the CMS, the continuous development of OVB's in-house standards of conduct and the implementation of internal and external requirements, particularly regulatory ones, are managed and controlled. The entire OVB management team has made it their job to bring compliance to life and to be role models in terms of compliance.

Another key instrument provided by the CMS for safeguarding compliance throughout the Group is the guideline management system at OVB Holding AG. In addition to the guideline management system, other internal control mechanisms are implemented as part of the CMS, particularly in order to meet the legislator's EU-wide regulatory requirements adequately and in good time. In particular, these include the requirements of the EU General Data Protection Regulation and the IDD (Insurance Distribution Directive).

The individual corporate guidelines contain further specific instructions for safeguarding compliance with legal obligations and internal guidelines and creating consistent standards for all Group companies wherever possible.

The topic of employee training also gained particular importance in the year under review, in order to, among other objectives, further increase employee awareness of compliance issues.

The essential tasks of OVB's compliance management include the identification and prevention of potential compliance risks in a systematic process, promoting the regulation-compliant conduct of business partners and developing and implementing communication measures on this subject. These Group-wide risk analyses are carried out quarterly at a minimum.

Regulatory developments are constantly observed to make sure that potential significant effects on OVB are identified early on and suitable corresponding measures can be taken.

The Group's Head of Compliance reports directly to the Chief Financial Officer. In all operating subsidiaries, the local compliance officers are assigned to the Head of Compliance for support and concern themselves with all compliance-relevant transactions at the level of business operations. The compliance team of OVB Holding works closely together with the Executive Board, the management teams of its subsidiaries and other executives, addresses questions of doubt and assists all employees in adhering to external and internal provisions.

Based on regular reports delivered by the Head of Compliance, the Executive Board, the Supervisory Board's Audit Committee and the Supervisory Board in full session are informed about recent developments in this field. The compliance reports also form part of OVB's risk management reporting. Furthermore, the Head of Compliance is available to all employees and third parties in all issues of compliance for discussion and advice and assists in finding solutions to compliance issues.
