Heinrich Fritzlär has been working for OVV since 1 October 2022 and is responsible for the Operations department. He is a result-driven technology and business leader, especially in insurance and finance. Fritzlär has extensive know-how on both sides of the B2B segment and a deep understanding of how to operate profitably. He is a true “people manager” and excels complex and challenging teambuilding and leadership challenges.

Fritzlär can draw on more than 20 years of experience in the fields of insurance and IT consulting. Previously, he worked at the Nürnberger Versicherungsgruppe, where he was most recently responsible for IT transformation as head of the application development division. After studying economics at the University of Göttingen, he started his career in 2001 at Hannover Rück. In 2006, he earned a post-graduate diploma in credit insurance from the University of East London.

From 2007 to 2017, Fritzlär worked at Westernacher Business Management Consulting, where he oversaw several international IT projects and moved up to the role of managing partner. From 2017 to 2019, Fritzlär served as Head of Business Solutions Finance and Insurance SAP Europe for Tata Consultancy Services (TCS), a global provider of IT services, consulting services and business solutions, developing its European business.
